

# Clew Bay

Clew bay, Clew bay  
What a lovely place to stay  
Pollution happens everyday  
Around the Islands of Clew Bay  
We need a solution to stop this pollution.

Clew bay is a magical place  
Its scenery views go on forever  
And when the sun beams on the bay  
It brings me far away.

As you look across the bay  
Clear skies, crystal waters, mountains high  
It's all happening in Clew Bay  
Till this very day.

Our holy mountain overlooking the bay to pray  
Brings thousands of folk to climb  
Young and old rain or shine  
God bless them all today.

So please, please, please!  
We need a solution a solution to stop this pollution  
To stay this way!

## The End
