

Kitten Visit

One day Anna's kittens came up to our house. Patrick was sitting on the quad and then he heard a meow and he started walking. He saw the kittens. Patrick called Katie, James and Tommy. I was up stairs. We all went outside. We picked up the kittens, it was fun. All the kittens fell asleep.

When they woke up we went over to Ronan's house and showed the kittens to Ronan. Ronan said "get out with the dirty things!" But they weren't dirty.

Then peanut went into Ronan's field with the cows in it. I had to get peanut. so I went in and got her.

Then Patrick let Rachel's kitten into the field. So I had to get it again. Katie went in with Patrick and I. James would not go in with me. Katie would only go in if I went in. So katie and I ran in and we got the kitten.

We went over to our house. I had Kitty,my kitten and Rachel's kitten in my hand and Mommy took a photo on her phone. Mommy texted Anna's Mum to get the kittens. Anna, Rebecca and Rachel came up and brought the kittens down with them.

A few weeks later I got my kitten. I called her Kitty and I feed her once a day.
